To whom it may concern:

On behalf of the Board of Directors, staff and children we are very fortunate to have Delrizian productions, Inc. produce the show, *Beware the Eyes of Mars* that will benefit Kids In Distress. They would appreciate your assistance with any type of donation you can spare; food, gift certificates, door prizes etc.

We are so grateful to have Delrizian productions, Inc helping us. Their concern for our children's welfare is very much appreciated. The generosity, concern and participation they are contributing will certainly ensure a healthier tomorrow for our children.

Please help give our children the "extra" care they so desperately need.

Kindest Regards,

Réquel Lopes
Special Event Manager

Please remember Kids In Distress in your will and estate plans.
